Please make sure that your course title reflects the topics that will be covered and is not misleading. Titles are randomized on CE Marketplace, so using numbers, ABC will not aid in the marketing of your course, not the class calendar.

Select the drop-down menu next to "Course Topics" to check any boxes that relate to the material being submitted for certification. In the next field, you will list the learning objectives for your continuing education course. Use the drop-down menu to select your "Course Type."

Next, select the course outline from your computer and any additional materials. If the outline has been successfully attached, you will see the document name next to the "Required Timed Outline" field. Please use the next field to explain how this course is pertinent to the field of real estate. You will then select the drop-down menu next to "Course Availability." If you would like other Schools to schedule your course, select "May Be Hosted By Other Schools."
